

YOU

have what it takes
to be a
Second Chance Pets
foster.

Second Chance Pets is successful because of the generous and loving fosters who care for homeless pets until they are adopted. We need compassionate people who have room in their homes and hearts to care for these special animals until they find forever families.

Fostering is easy and rewarding. Providing temporary care for a cat or dog can bring joy and love to your family, and you get the satisfaction of knowing you are saving an animal's life.

Second Chance Pets pays all foster pet veterinary expenses. But can you provide:

- Food?
- Flea prevention?
- Litter for cats?
- Shelter?
- Transportation?
- Socialization?

...and most of all, love?

Then email us today!
